

Acoustic Art Panels

Where Sound Meets Visual Expression

Catalogue

Custom-printed acoustic panels designed to absorb noise and elevate spaces.

Art That Performs. Silence That Speaks.

| Art That Performs. Silence That Speaks.

Acoustic Art Panels are sound-absorbing PET felt panels enhanced with high-quality custom prints. They combine the performance of acoustic treatment with the visual impact of art, turning walls into statement pieces that also reduce noise and echo.

Designed for commercial and residential interiors, these panels offer designers and clients the freedom to personalize spaces without compromising acoustic comfort.

Fully customizable, you can get your own artwork, company logo, or choose from over high-resolution images in our Gallery, making each panel a personalized soundproofing solution.

| Why Acoustic Art Panels?

- Reduces echo and background noise
- Transforms walls into functional artwork
- Custom sizes, layouts, and designs
- Printed on sustainable PET felt panels

One product.
Two purposes.

Visual identity & acoustic control
seamlessly integrated.

Not Just Panels.
Personal Statements.

Our curated designs are intentionally limited, serving as inspiration rather than boundaries. Whether you select from our collection or bring your own artwork, every panel is made to order and tailored to your space.

SOLVING SOUND WITH DESIGN

Need Something Custom & Unique?

Custom Is Always an Option

While this catalogue presents a curated selection of designs, your creativity is never limited to it.

You may:

- Choose any design from this book
- Provide your own artwork, illustration, or photograph
- Request custom dimensions, layouts, or multi-panel compositions

Our team will translate your concept into a functional acoustic artwork, uniquely designed for your space.
